**Wand Size:** 750mm, 1000mm, 1250mm, 1500mm

**Handy Hint:** Follow the flow of your windows or doors. Watch the 'How to Measure' video to understand how to calculate your panel widths. This will assist you to know exactly where the panels will sit across your window and how far you can sweep them aside when open, ideally off the window. You can then alter the total number of panels selected to adjust their widths if you think the panels may be too wide or too narrow.

Iseekblinds recommends a minimum panel width of 600mm and a maximum width of 1000mm
