

Basswood Plantation Shutters

Panel Layout Chart

DIY made easy

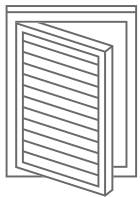

To decide which Panel Layout will best suit your windows, follow these 2 simple rules: #1 Less is more. #2 You must follow the window. Used in conjunction with your Check Measure Worksheet, the Panel Layout Charts will ensure you get the best possible result when measuring for your Plantation Shutters.

Min Drop **300mm**
Max Drop **2600mm**

Midrails: Drops > 1800mm = **1 x Midrail Required**
Drops > 2400mm = **2 x Midrails Required**
